ONE

Connectivity as a Service

Empowering your business at sea with the most advanced connectivity available

One unified network. One source for advanced communications. One all-inclusive experience.

AgilePlans ONE delivers everything your fleet needs for better business at sea – with no CAPEX and no multi-year commitment. The world of maritime communications is changing fast, and you need a connectivity solution that will help you take full advantage of the amazing advances in technology now and in the future.

That's where KVH AgilePlans ONE steps in, offering your fleet unmatched communications using a proven, seamlessly managed multi-orbit, multi-channel solution that integrates the reliability and global reach of KVH's Ku-band VSAT with the speed, low latency, and power offered by Starlink and OneWeb. And at the center of AgilePlans ONE is the industry's most advanced and flexible network and bandwidth management solution, KVH's CommBox™ Edge.

We make it simple to deploy the future-proof connectivity solution your fleet and crew need. A single affordable monthly subscription provides the speed and reliability of the KVH ONE global network, award-winning VSAT and multiple terminal options for Starlink and OneWeb service, subsidized shipping and installation, zero maintenance costs, and vital content for crew wellbeing. *AgilePlans ONE from KVH – You can rely on The Power of One[®]*

Give your fleet a competitive advantage and outstanding flexibility.

² KVH supports AgilePlans installations and maintenance in major ports worldwide. Visit kvh.com/agileports for complete details on shipping, installation, and maintenance policies.

AgilePlans ONE

Delivering a Seamless Connectivity Solution

CommBox Edge

Enjoy premium control over your connectivity with granular data and application rules, create versatile hybrid communication systems, and boost your performance with easily managed advanced network bonding, all driven by secure, mobile-friendly cloud applications.

Crew Wellbeing Content

KVH Link keeps your crew connected to events at home with daily world and national news via NEWSlink™ – included with AgilePlans ONE. Add the KVH linkHUB Media Server and upgrade to enjoy best-in-class movies, music radio, TV, trending social videos, onboard karaoke, and daily TV news.

Managed Installation

When you want connectivity added to your vessels, you want a quick and easy installation. That's why every AgilePlans ONE subscription includes coordination by the KVH Service Delivery Group as well as subsidized shipping and installation in commercial ports around the globe.

Global Service and Support

Connectivity at sea is vital to your maritime operations and your peace of mind on the water. KVH OneCare® offers the industry's most comprehensive array of services, all designed to support your unique needs and ensure maximum uptime for vessels subscribing to AgilePlans ONE.
