¹ Published data speeds are maximum speeds and may vary in different regions and under different conditions.

² BitTorrent and all such data-intensive applications and protocols will be blocked by KVH.

Enhanced Voice Service

KVH's Enhanced Voice Service is a managed solution optimized for satellite communications and fully integrated into KVH's global HTS network. Network voice prioritization assures that bandwidth is allocated to the telephone line to ensure a high-quality VoIP connection. With Enhanced Voice Service you will enjoy always-on voice connections and a great suite of convenient features and account management tools that you can access anywhere in the world!

37 cm Global HTS Coverage*

-  Ku-band Coverage
-  TracNet H30 has a 2-axis stabilized antenna pedestal design that does not provide coverage in areas where the satellite is directly overhead.

**The map depicts expectations for KVH's global HTS network coverage for the TracNet H30. For the most up-to-date coverage maps, visit kvh.com/tracphonemaps. Actual coverage and availability may vary. Data rates may also vary in different regions. KVH provides no guarantees of satellite coverage or availability.*

AgilePlans ONE General Terms

- All prices are in \$USD and do not include any taxes or fees that may apply.
- Global HTS network published data rates are rate plan maximums and may vary in different regions and under different conditions. Service reception may be affected by environmental or operational conditions and its uninterrupted availability is not guaranteed.
- All services and plans are subject to the KVH Master Services Agreement.
- KVH Authorized Installation Plan is required. A \$500 one-time fee applies.
- Subscription period is an initial 12-month period after which the subscription is month-to-month and automatically renews on a monthly basis.
- BitTorrent and all such data-intensive applications and protocols will be blocked by KVH.
- Plan upgrades may be made and will go into effect at any time. Plan downgrades go into effect at the start of the next month. A \$100 fee applies for each downward plan change, except during the first 90 days of the service to allow subscriber to determine the plan most appropriate for their usage needs. For complete details on plan changes, refer to the "Airtime Rate Plan Change/Suspension Policies" at kvh.com/airtimeresources.
- When the data allocation on high-speed shaped plans has been consumed, service will automatically shift to the reduced data rate shaped plan with no overage charges until the end of the calendar month. The high-speed data allocation will reset at the beginning of each month.
- Service suspension is permitted. See "Airtime Rate Plan Change/Suspension Policies" at kvh.com/airtimeresources.
- KVH offers first voice line at no charge and second voice line at \$31/month (second line available only on 60 cm and 1 m terminals). User-specified voice line phone numbers for either line are \$31/month.
- Virtual local phone numbers can be added for a monthly fee of \$31 per number (5 max. per voice line) where available and are subject to in-country regulations.
- Outgoing calls and faxes are subject to long distance charges. See details on the "KVH Enhanced Voice Service Long Distance Rate Sheet" at kvh.com/airtimeresources.
- Global Static IP Service is available for \$30/month per IP address. Visit kvh.com/staticip for details. Setup fee applies.
