

Your Crew's Home Away From Home

Build connections to home and to fellow crew as you improve morale, wellbeing, and retention

KVH Link brings seafarers treasured connections to home, easily and affordably, through daily news updates, favorite movies, through daily news updates, favorite movies, TV and music. A relaxing individual diversion when crew are off watch and a source of conversation and crew interaction when gathering together, KVH Link offers best-in-class content, including the latest movies, television, news, music radio, podcasts, karaoke, and more. With options for everyone, KVH Link and the powerful linkHUB onboard media server will contribute to the wellbeing of everyone onboard. Your crew can tune in, play on, or sing along – with KVH Link!

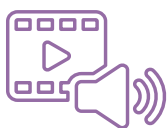

Plus, it's incredibly easy to bring great content on board with flexible delivery options to meet your fleet's specific requirements!

linkHUB offers you the choice of over-the-air delivery via your onboard SATCOM or 5G/cellular services or physical delivery via secure drive. Plus, ask us about qualifying for data-free delivery via KVH VSAT, Starlink or OneWeb so you can stay Always Connected your way.

KVH Link – Benefits for your Crew

Setting the Standard for Outstanding for Crew Content

With more than 70 years experience providing news and entertainment, KVH easily, affordably, and securely delivers best-in-class content to your vessels. KVH Link offers content in an array of languages with hundreds of daily news stories, clips, and shows; early release movies and classics from Hollywood to Bollywood, independent studios, top TV series; music radio and karaoke; and trending social videos – all from countries around the globe.

Large Selection of Content with Multiple Viewing Options

KVH Link content is constantly refreshed with the latest releases, and is available to crew, individually or in a group, on multiple devices simultaneously. Viewing is unlimited and available on TVs in the crew mess or via laptops, tablets, and smartphones anywhere on board.

Licensed and Cybersecure

KVH Link content is licensed from copyright holders for crew viewing. Thanks to multiple secure delivery methods, KVH Link also reduces the risk of cyberthreats that could be brought onboard via unlicensed content and USB drives.

Engaging and Affordable Packages

Cost-effective packages have been designed to suit your crew's entertainment preferences and your fleets' budgetary requirements.

Choose the delivery option and content packages that fit your fleet, your crew, and your budget.

Packages Available:

The Entertainment Package

- 

MOVIElink™: Delight in blockbuster films delivered as soon as they are available, sometimes while they are still in cinemas, and months before they can be streamed at home. MOVIElink’s continually updated library of films includes both the biggest Hollywood hits along with regional content curated with seafarers in mind. Enjoy films from Indian, European, Pan-American, and Asian studios, including Tagalog and Hindi.
- 

TVlink™: Receive full seasons of the most popular hit television series so crew can enjoy the best entertainment.
- 

MUSIClink™: KVH Link offers more than 15 genres of music radio, plus podcasts, entertainment news, karaoke, and more, all easily played via the streamlined, user-friendly interface, and continually refreshed.

The News Package

- 

NEWSlink™: Stay connected to events at home with news in video, audio and text, covering virtually every country of the world, grouped by region, and in the most popular languages among seafarers. News and special interest topics (maritime, science, sports, autos, and more) are updated daily. Printed news is available in 65+ national seafarer news editions, 20+ languages, and monthly special interest papers. Plus, NEWSlink also offers 10+ channels of daily TV news programming in multiple languages.
