

TracVision® TV1/TracPhone LTE-1 Optional Mounting Bracket

A simple bracket for easier installation!

With the TracVision TV1/TracPhone LTE-1 Mounting Bracket, you can mount the antenna with any standard stainless antenna mount available from your local marine equipment supplier! Use this bracket with a standard threaded steel mount (1"-14 threads) to make the TracVision TV1 a drop-in replacement for a Shakespeare® SeaWatch® or Glomex® off-air antenna or quickly and easily add broadband Internet using the TracPhone LTE-1. Just thread the mounting nut and mounting bracket onto the antenna mount, then screw the antenna to the mounting bracket – that's all there is to it!†

TracVision TV1/TracPhone LTE-1 Mounting Bracket

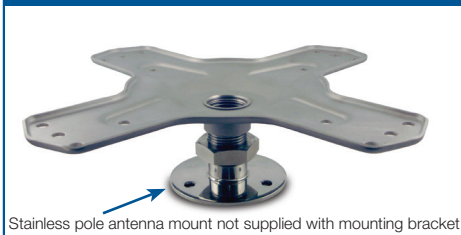

KVH Part No: 72-0409

See your dealer for pricing

Perfect for any boat or vessel that wants to replace an off-air antenna, the TracVision TV1/TracPhone LTE-1 Mounting Bracket mates to any standard threaded stainless mount. With this simple mounting solution, it's never been easier to bring exciting live satellite TV or mobile communications aboard!

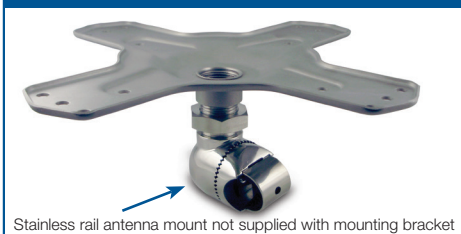

Pole-mount Installation Option

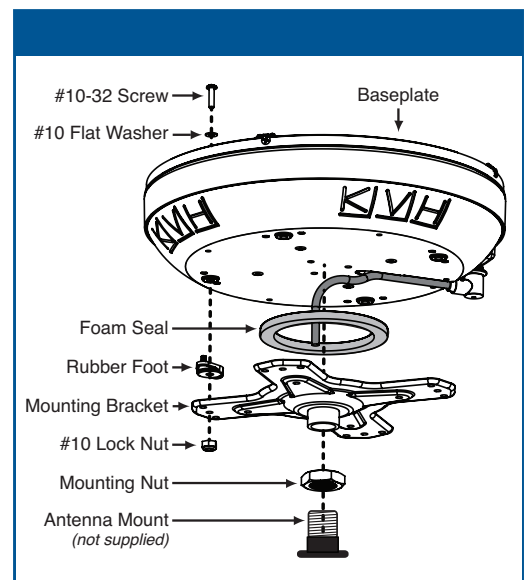

Stainless pole antenna mount not supplied with mounting bracket

Rail-mount Installation Option

Stainless rail antenna mount not supplied with mounting bracket

OA_TV1_MountingOptions_gA4_1021

†Please note that the mount and mounting surface must be strong enough to support the antenna's weight (3.6 kg (8 lbs)) and rigid enough to withstand vibration.
