

mini-VSAT BroadbandSM Vessel Tracking Service

Improve Performance and Charter Operations Through Accurate, Detailed Vessel Tracking

Vessel Tracking Highlights

- A rich set of calendar and track selection tools
- Two levels of vessel tracking:
 - **Basic Tracking**
 - Complimentary in the KVH mini-VSAT Manager
 - 1 hour selection and 5 hours visibility of yacht position and track
 - **Premium Tracking**
 - Immediate access to up to a year of your yacht's track history
 - Offers Latest Position and Weekly Position Reports
 - Automatic, secure generation of position reports
 - Available as a \$49 per month per vessel upgrade via KVH's mini-VSAT Manager

*Blockages or service outages may reduce this update rate

Understanding where your yacht is and tracking its route creates peace of mind and are invaluable to charter operations. KVH's versatile Vessel Tracking Service delivers the detailed and up-to-date historical track and position data you need, at any time, and from any Internet-connected device through the secure myKVH Portal's mini-VSAT Manager suite of tools.

With Premium Tracking enabled, view your yacht's track for any hour, day, week, or month within the past year's use of an active KVH mini-VSAT Broadband terminal. Vessel position is updated as frequently as every 90 seconds*, resulting in a highly detailed track. In addition to an on-map display of your track, enjoy instant access to the **Latest Position Report**, which contains the latest known vessel position, and the **Weekly Position Report**, which contains the last eight days of all available vessel positions.

Now you can rely upon real-time visibility into your yacht's progress and operations thanks to mini-VSAT Broadband's Vessel Tracking Service.

Benefits of Vessel Tracking

- Use vessel position as part of your own internal reporting and management tools
- Qualify for Pay-As-You-Sail licensing of maritime chart services
- Provides historical visual reference for investigating and reviewing vessel locations and events

The screenshot shows the 'mini-VSAT Manager' interface. At the top, there are navigation tabs: MAP, GRID, VESSEL DETAILS, and VESSEL TRACK. Below the map, there is a table of vessel data for 'El Cambiato'.

Timestamp	Platform Name	Account Name	Terminal	Latitude	Longitude
2/16/2017 12:01	El Cambiato	Maricopa PTE LTD	10.62.12.34	25.1406	56.4767
