Terms & Conditions for this Limited-time Offer

- Available for TracNet H60 / H90 and TracPhone V30 systems ordered on or before December 31, 2022 and shipped on or before February 28, 2023.
- Serial numbers are verified for Data Blast plan eligibility at the time of activation.
- Systems must be activated within 60 days of shipment to maintain eligibility.
- Leisure Data Blast plans may be combined with KVH Boat Show hardware promotions.
- TracNet H60 and TracNet H90 Data Blast plans are available as dual or single channel subscriptions at the rates above.
- The beginning of the subscription period for each order of a Data Blast promotional system shall be on either (i) the date on which Subscriber's account is first activated or (ii) sixty (60) days after the date on which the Terminal Equipment is shipped, whichever occurs first.
- Unlimited Use rate plans may temporarily limit the data transfer rate if Subscriber performs excessive upload and download data activity.
- High-Speed Plans automatically shift to the shaped data rate when the plan allowance has been used and will revert to high-speed on the first day of the following month.
- High-speed Metered Plans are delivered at the highest network speed available at that time; data rates may vary due to network, location, and other conditions.
- The system is no longer eligible for Data Blast plans following a suspension or a change to a non-Data Blast airtime plan.
- Data Blast plans are not transferable.
- Pricing, terms, and availability subject to change.
